

International Agent Quick tips for faster processing

Course selection

UWA Apply allows you to enter up to six (6) course preferences. Ensure that the courses are listed in the order of preference, as your client will only receive one offer.

At UWA students are able to study two majors within their undergraduate degree. The first major will need to be declared in the application. If students are interested in a second major, they can declare this during their enrolment.

APPLICATION TAB: COURSE SELECTION

If your client wishes to change preferences please contact Admissions on admissions@uwa.edu.au and state the updated first preference course.

If the new first preference course is not listed in the course preferences in the original application, a new application must be submitted.

Advanced standing / Credit transfer

You must select 'Yes' in the dropdown menu for the 'Advanced Standing (Credit)' question if your client wishes to receive credit for previous tertiary study. Your client will not be assessed for advanced standing if this is not selected.

APPLICATION TAB: COURSE DETAILS

Alternative payment methods

While we encourage online payments via UWA Apply, as it has a faster processing time, the following alternative payment methods are available:

- Bank draft/cheque
- Telegraphic transfer
- Via credit card (in-person payment)

Evidence of the student's alternative payment method needs to be uploaded onto UWA Apply. Further details can be found [here](#).

Admission pathway

You must select 'Yes' for the 'Admission pathway' question if your client wishes to be considered for other courses (including a pathway program or CELT English Bridging Course) that lead to their first preference course.

APPLICATION TAB: COURSE DETAILS

UWA CELT packages

10 OR 20 WEEK BRIDGING COURSE

OFFERS

If the applicant already has an offer for a UWA degree and would now like a UWA packaged offer for a 10 or 20 week English Bridging Course, please contact Admissions on admissions@uwa.edu.au with evidence of the student's current English level (e.g. attaching the most recent IELTS). This would also include students who need to defer their degree course in order to complete the English Bridging Course - Admissions will defer the degree offer for you and issue a packaged CELT+degree offer.

ACCEPTANCE, PAYMENT AND CoEs

For quicker processing of CoEs, please send an email to enrolments-celt@uwa.edu.au with evidence of payment.

Overseas Student Health Cover (OSHC)

Evidence of your client's overseas student health cover (if required) must be uploaded to receive the Confirmation of Enrolment (CoE).

Deferring an offer

If your client is unable to accept their offer, but would like to be considered for another intake, select the defer button from their available offers. Please note that deferrals are actioned by Admissions on a weekly basis.

Need assistance?

Please contact your Regional Manager in country, or the International Agent Management team on agentsupport@uwa.edu.au.
